Vincent Price

Actor, Collector To Speak Tonight

"A man who limits his interests limits his life," describes the convictions of a prominent American actor-writer-lecturer-art collector and raconteur, Vincent Price.

This versatile man will be featured at 8:15 tonight in the Lecture Series to be held in the ballroom. Mr. Price will speak about the importance of the increasing interest in American art and culture.

Mr. Price, who is six-feet-four inches tall, with hazel eyes and brown hair, is best known for his ability as an actor in playing sinister roles. He is active also as a lecturer and modern art collector and critic.

Mr. Price's initial aim in life was to be a professor and a collector of art, an aim that was spurred on by his purchase of a Rembrandt etching when he was 12 years old.

Fine Films Books French Comedy

"Le Bourgeois Gentilhomme" (The Would-be Gentleman), a French motion picture, will be presented at 7 and 9 p.m., tomorrow and again at 3 p.m., Sunday, in 105 Hanna Hall.

The movie, which is in color, will be presented by the Fine Film Festival. Admission is 40 cents.

The movie was adapted from a comedy arranged by Moliere for the pleasure of Louis XIV during the hunting season. It is a satire of the pretensions to refinement and elegance of a middleclass citizen called M. Jourdain. His name still is used in France to designate a social climber.

BG Contributes \$3,000 To Charity

The all-campus Charity Drive netted a total of \$3,000. This is more than 1,000 over the \$1,965 that was collected last year.

William's Hall, averaging a donation of 45 cents per person, led the men's dormitory division with \$51. Rodgers Quadrangle placed second with an average donation of 36 cents per person for a total of \$230.

Mooney Hall topped the women's dormitory division by contributing \$95. Mooney donated an average of 36 cents per person. Second place recognition went to East Hall, which donated a total of \$180. This is an average of 65 cents per resident.

In the social sorority division Chi Omega was first with a contribution of \$223 with an average donation of \$2.42 per member. Delta Zeta gave an average

donation of \$1.72 per person for a total amount of \$172.

Zeta Beta Tau led the social fraternity division with a total of \$80, which is an average donation of \$1.72 per person. In second place for this division was Phi Kappa Tau, which gave an average amount of \$1.45 per member for a total of \$80.

Marilyn L. Van Aman, chairman of the Charities Board of the Student Cabinet, attributed this increased total donation to the special money-raising projects which were sponsored by the housing units. Selling donuts, auction sales, and special contests were some of these special projects.

Winners were chosen from the four following categories: men's dormitories; women's dormitories; social sororities, and social fraternities. The winners were chosen on the basis of the largest donation per person.

Mr. Price is a member of the Fine Arts Committee for the White House, and a commissioner of Indian arts and crafts for the U.S. Interior Department. He is a board member of the Archives of American Art in Detroit and a trustee of Scripps College in Claremont, Calif.

Mr. Price has not limited himself just to the movies. His recent television appearances have included performances on the "Alcoa Hour," "Playhouse 90," "Lux Video Theatre," and Edward R. Murrow's "Person to Person" show.

Mr. Price has appeared in during his Hollywood career include "Song of Bernadette," "Keys of the Kingdom," "The Baron of Arizona," and "The Ten Commandments."

Other films in which Mr. Price has appeared include "The House of Wax," "House on the Haunted Hill," and "The Return of the Fly."

Mr. Price has not limited himself just to the movies. His recent television appearances have included performances on the "Alcoa Hour," "Playhouse 90," "Lux Video Theatre," and Edward R. Murrow's "Person to Person" show.

Chism Wins Presidency; Wolff, Tosh, Bednar Fill Remaining 3 Positions

Robert W. Chism was elected president of the Student Council yesterday as students went to the polls to vote in one of the closest elections ever experienced at Bowling Green.

Richard A. Wolff was elected vice president of Student Council as he received the second highest number of votes for the presidency.

Judy J. Bednar and James C. Tosh were elected secretary and treasurer of Council respectively.

Students elected to Senior Class representative positions on Council for next year were Linda L. Brant, Stephen E. Markwood, and Eileen Tambellini.

Junior Class representatives for next year are Kathleen Coutlett, Christine Preyer, and Christopher C. Seeger.

Sophomore Class representatives to Council for next year are Christianna Clark, Robert DeBard, and Linda J. Peiblow.

Drama Group To Present One-Act Plays

Four One-Act Plays will be presented at 7:30 tonight in the Joe E. Brown Theatre.

The four plays are "The Long Voyage Home," "Impromptu," "Three Actors and Their Drama," and "The Lesson."

"The Long Voyage Home" by Eugene O'Neill is a drama of the sea. The setting is in the bar of a low dive on the London waterfront.

"Impromptu" by Tad Morsel deals with four actors in their search for truth. Mr. Morsel is the winner of the Drama Critics' Circle Award, and the Pulitzer Prize.

"Three Actors and Their Drama" is by Michel de Ghleerde. The unique point of this play is that the characters have no names.

"The Lesson" by Eugene Ionesco, is in a "comic drama" about a professor and his pupil. The setting is the office-dining room of the professor.

Jack B. Winget as Joe, Tom M. Saunders as Nick, Sharon M. Bodner as Mag, James D. Thornton as Olson, Hugo E. Ousley as Driscoll, R. Dewaine McDonald as Cocky, Thomas J. Anderson as Ivan, Delaney Gaines as Kate, Sandra A. Tullis as Freda, and Pete H. Bailey as The Rough are featured in "The Long Voyage Home." "The Long Voyage Home" is directed by Gwendolyn L. Rosemond. The assistant director is Carol A. Mihalik and the technical director is Linda H. Stephens.

Featured in "Impromptu" are Patricia A. Maher as A Character Actress, Jon A. Eckert as A Leading Man, Brian M. Richards as The Juvenile, and Karen S. Shaver as The Ingenue. William J. Melvin is directing the play. The assistant director is Carol M. Oman and the technical director is Patricia E. Magers.

Wendy L. Blakely is directing "Three Actors and Their Drama." The play features David E. Gano as the Author, Richard S. Huffman as the Heavy, Rebecca R. Boynton as the Ingenue, Charles T. Buckley as the Juvenile Lead, and Maryjane Stow as the Prompter. Richard D. Halley is assistant director and Judith A. Elliot is the technical director.

"The Lesson" is directed by Nancy A. Cole. The cast features Nancy L. Brown as the Maid, Elaine Gubics as the Pupil, and Neil R. Fenter as the Professor. The assistant director is Sharon M. Bodner and the technical director is David N. Huffman.

Class officers also were elected in yesterday's election.

Senior Class Officers

Senior Class officers for next year are: Dennis S. McGurer, president; Richard H. Davis, vice president; Kaye B. Reed, secretary; and Stephen R. Henderson, treasurer.

Robert W. Chism

Junior Class Officers

Junior Class officers for next year include: Robert F. Sprague, president; David L. Anderson, vice president; Christina S. Carfrey, secretary; and Wayne M. Betten-dorf, treasurer.

Sophomore Class Officers

Sophomore Class officers for next year will be: Bernard A. Gresick, president; James P. Oliver, vice president; Susan J. Horth, secretary; and Bruce S. Weiner, treasurer.

Union Directors At Large

Tom W. Dobmeyer and Susan K. Jones were elected to Union Director-at-Large positions.

Chism, upon learning of his election to the Student Council presidency last night, made the following remarks:

"Student Council is not a tool of the administration, nor a weapon of the students; but an organization with the power to serve and improve the entire University community.

"There are many facets to this community—the students, the faculty, and the administration. Each is unique and vital in the overall interaction. Only with mutual

confidence and respect can these facets function properly."

Chism continued, "It is the challenge of Student Council, as the voice of the students, to reduce the apathy within its ranks, and constructively move ahead to be a truly representative body of its own."

Chism feels it is the personal responsibility of each member of Council to "assume and fulfill his position of trust with dignity and rational thought."

He further believes that Council can hope to be delegated more authority only by accepting and fulfilling the responsibilities already granted to it. "We can do no more than help ourselves," Chism concluded.

Conklin Plans Kite Contest

Conklin Hall Kite Day will be held at 1 p.m., tomorrow on the practice football field.

The kite flying contest is for independent residence halls only. There will be two winners, one for the most beautiful and well-constructed kite, and the other for the highest-flying kite.

The judges for the contest are Lyle R. Fletcher, assistant professor of geography; Carl D. Hall, assistant professor of art; and Ralph B. Nelson, instructor in industrial arts.

There will be an all-girl band to provide entertainment while the kites are being flown. During this time a "Kite Queen" will be presented.

In case of rain, the event will be postponed until 1 p.m. Saturday, March 30. Any kite builders wishing information or help in the construction of their kite may contact James R. Lewis, the chairman of the event.

Council Discusses Commuters, Spring Week End, Regulations

Commuter students, Spring Week End, and campaign regulations were the topics of discussion at last night's Student Council meeting. Two resolutions were introduced also, and an amendment to the constitution was given second passage.

John J. Gaertner, Student Body vice president, presented the report of the subcommittee of the Committee of the Council of Student Affairs concerning commuter students. There are 1,550 commuting students on campus at present.

A lounge area for commuter students to eat their lunches in, and a locker room to store their books and clothing in were the two needs brought out by the subcommittee.

Plans for Spring Week End, May 3 and 4, were released by the Spirit and Traditions Board. In the absence of Dianna L. Kellogg, board chairman, Gaertner gave the board's plans.

Traditional spring floats will be replaced by papier-mache constructed masks built over six-foot diameter balloons. Each housing unit will construct a mask, which will be displayed on poles throughout the inner campus. The masks will be judged and prizes will be awarded Saturday.

The annual coronation of the Spring Week End queen will be Friday evening and the dance will be in the ballroom at 9 p.m. Saturday.

At 2 p.m. Saturday, a Dixie Band Wagon will parade through

AWS To Sponsor Spring Penny Night

The Association of Women Students will sponsor a Penny Night, tomorrow.

All women students on campus will receive 1:30 a.m. permissions provided they pay a penny for each minute after 1 a.m.

Proceeds from Penny Night will be placed in a scholarship fund and will be awarded to a sophomore woman and an undergraduate foreign women student next year at the AWS Leadership Banquet.

Women or their escorts must have the correct change as there will not be time to make change at the door.

campus picking up students from housing units and will take them to the athletic field, where the afternoon's activities will be held.

These activities include entertainment by Dave Melle, the Collegiate, Dave Browning, the Kappa Sigma social fraternity, the Delta Gamma social sorority, the Omicron Delta Kappa president, and Gaertner as prosecutors for the Student Court trials of the campaign violators. No date has been set for the trials.

At 4 p.m. an all-campus barbecue will be held on the archery range.

J. David Hunger, Student Body president, stated that the elections board has a list of 15 students who violated campaign regulations in the past election. Hunger, with Council approval, appointed Robert A. Dimling, Omicron Delta Kappa president, and Gaertner as prosecutors for the Student Court trials of the campaign violators. No date has been set for the trials.

Two resolutions were introduced at Council meeting. Stephen E. Markwood, junior class representative, introduced the following resolution: "Whereas the Angel Flight of Bowling Green State University has done an outstanding job in representing our school at a special tournament held in Pittsburgh, by winning first place, and whereas they brought honor to the school with this victory; we officially wish them good luck on behalf of the entire student body on their planned trip to Washington, D.C., for the annual Cherry Blossom Festival.

Charles G. Eberly, senior representative, introduced the following resolution: "moved that the phrase 'and in good standing with the University,' be inserted after 'a minimum accumulative point of 2.25,' and before, 'and any freshmen with a 2.25 . . . ' in Student Council Bill Number 10." Council passed both resolutions unanimously.

The amendment lowering the minimum grade average requirement for Student Body offices, Justices of the Student Court, and members of the Leadership and Service Board from a 3.0 to a 2.7, received the approval of President Ralph G. Harshman. It will go into effect in September.

The amendment to the Constitution stating that all campus elections must be held before April 1, received its second passage by a unanimous vote.

Society Initiates 33; Elects New Officers

Gamma Epsilon, German honorary society, initiated 33 members and elected officers for the 1963-64 academic year recently.

The following were initiated as new members: Howard E. Aldrich, Kenneth D. Baab, Barbara J. Baker, Joyce E. Brown, William J. Brown, Barbara E. Clark, Edward J. Cooler, Roger E. Cramer, Robert H. Crowell Jr., Phillip E. Donley, Anjean D. Fisher, James L. Fry, Rudy Garcia, Judith L. Gunn, Kathleen R. Heinsen, W. David Jacoby Jr., Mary K. Kelly, Margaretta E. Lee, Valerie J. Milnes, Karl W. Obrath, Patricia F. Parsons, Robert N. Prentiss Jr., Linda J. Raabe, Carol J. Reeve, Audrey G. Rericha, Jeffrey W. Saracian, Jo Ann Sauer, Paulette C. Schuerman, Karl Spalvins, Robert F. Sprague, Marcia J. Sweda, Sybil J. Vosler, and Mary E. Zeller.

Newly-elected officers are Ann Sargent, president; Marcia J. Sweda, vice president, and Judith L. Gunn, secretary-treasurer.

Library Encourages Pleasure Reading

The stacks, the Library storage room, has been remodeled enabling 40,000 additional volumes to be put in use in the Library.

The Art Metal Co. was awarded the contract to add additional shelves. They are being placed in the east and west aisles of the storage rooms providing space for 15,000 volumes.

A second project, converting a supply storeroom, will give space for 25,000 volumes.

At the present time, the Library is adding approximately 22,000 volumes per year. This new storage space will accommodate the increase for about two years.

Editorially Speaking

Paternalism on Campus

Paternalism. Just what is it? What does the term imply? How does it effect Bowling Green?

Paternalism, according to Webster, is the practice of the person in authority managing the affairs of the community in the way a father deals with a child.

More specifically paternalism implies the role that the university administration may play in the life of the student. A role that is very definitely one of controlling the actions of the student both in and out of class.

As we see it there are two types of paternalism involved with a university—academic and social. In past years the administration of this University has been "guilty" of practicing both types of paternalism.

Recent discussion at the annual Omicron Delta Kappa Leadership Conference delved into this topic of paternalism both on the American campus and the European campus. In his speech, Dr. Michael J. Flys, assistant professor of romance language, said that there is no question in the European students' mind about academic paternalism. It exists. The student has no choice of subject matter in a particular course. However, the students have no social paternalism in Europe. They become more independent and perhaps more mature much earlier in life.

Again referring to the conference, we find that Dr. Emerson C. Shuck, dean of the College of Liberal Arts, feels that paternalism on this campus is waning. We tend to agree with him. Paternalism—so long as it applies to social paternalism—is waning. Yet we find that the president of the student body referred to paternalism—in the form of different regulations—as a continuing thing at this University.

We wonder if the answer to this difference of opinion may be in the position from which this question is viewed. As a member of the administration, Dean Shuck can see the relaxation of the policies concerning social regulations. Yet J. David Hunger was reflecting the feelings of the student body. The students do not know where they stand.

Not only does this lack of knowledge exist in the social realm but also in the academic area. This is true especially in the area of class attendance. One professor at the conference said that according to his understanding, the administration would take no action in reference to class cuts. He feels the present regulations leave class absences entirely up to the professor. Another pointed out that each professor is bound to allow three cuts. Yet how many professors do not do this? Indeed the student does not know where he stands.

We would tend to look toward the European model and say that a degree of academic paternalism is necessary in a university.

However, social paternalism is another story. At the present time, we see it as something the University is almost forced into by parents and the community. Parents want their children taken care of when they enter college—witness the letters and phone calls received by the dean's office from parents. The community expects the University to assume responsibility for and take care of the students. When they are apprehended for a misdemeanor downtown, they are often turned over to the dean's office for discipline rather than being treated as a regular citizen.

We feel this paternalism is started in the grades and simply continued on the college level. We are conditioned to it. Even more important our parents are conditioned to it—they like someone else taking care of us. As Dr. Flys said, "To change the paternalism which is now evident would require a complete re-education from childhood."

We hope that our present trend will continue and maybe without complete re-education, we can get rid of our social paternalism.

—Ann Jett

Letter To The Editor

To the Editor:

How secure is your future? Who can you depend on? The answer to these, and many other similar questions are being sought by college students everywhere.

Scholars all over the country are FINDING this answer to future success and security. They say that future success depends on one phrase. Hope in Christ!

Yes, Christ is your hope for every new success you attempt. Christ is your hope of Glory. Christ is your hope, and only way, to salvation, but most of all, Christ IS your hope to success.

Success in Christ? Philippians 4:13, has become to college students one of the most outstanding verses: "I can do all things through Christ."

The reason that more and more college students, all over the nation, are turning to Christ, is because they have found Him to be a reality. Something has been

FOUND in the Holy Scriptures that even today's modern scientific and technical advances cannot disprove. Today's most highly educated professors have admitted that science can NEVER replace the power of a humble prayer, the reading of the Bible for daily strength, and the feeling of security that comes with the assurance of eternal salvation.

Christ has offered you salvation, an assurance of His blessing in your life, and peace of mind. Whether you take His gift is up to you! Your future can be decided only by yourself! 'Hope' has been offered, free of charge, now it is up to you to reach out and take this free gift.

Yes, take it with pride and humbleness, sincerity and truthfulness, but most of all with faith and thanksgiving.

Christ is real!

Ron Wichman

College Changes Degree Needs

Several changes in the graduation group requirements for the bachelor of science and the bachelor of arts degree have been announced by Dr. Emerson C. Shuck, dean of the College of Liberal Arts.

These changes will apply only to students who will enter the University in September.

Dean Shuck made the following statement when he issued the announcement, "After two years of study by the Curriculum Committee of the College of Liberal Arts, the Liberal Arts Council, and the faculty of the college, basic changes have been made in the general requirements for the bachelor of arts and the bachelor of science degrees."

The purpose of these changes is to provide a sound liberal arts core for each student who is awarded one of these degrees, regardless of his specialization or election of courses from any department in the University.

Dean Shuck continued, "Eventually the changes will lead to elimination of the system of starring in the catalog those courses which are acceptable for credit toward a liberal arts degree. The practice of starring will remain in the 1963-64 catalog to provide a period of adjustment."

Finally, Dean Shuck said, "Although the basic group requirements are increased, the changes actually allow students more flexibility in the election of other courses. At the same time, the essential character of the liberal arts program will be preserved and improved."

The bachelor of science requirements have been changed in three of four areas, and one new area has been added. In group one, English composition, 12 semester hours of English, literature, or speech were required previously. As of September, the completion English 102 or an equivalent will constitute this requirement, since a new humanities group will be added.

In group two, foreign languages, the student will be required to complete the second college year in one language, or show proficiency equivalent to that level of course work. In the past, only the first year of a language was required, or the equivalent of two years of a language in high school.

The new requirements for group three, mathematics and science, state that the student must obtain a minimum of 45 hours in this area. This is an increase of five hours over the previous requirement. Included in this increase, the student is expected to complete the following: a major in biology, chemistry, geology, mathematics, or physics; a minimum proficiency in mathematics equivalent to Mathematics 123; and additional courses as required for a major or minor.

Group five, art, literature, music, philosophy, and speech, is new. The requirements of this group state that the student must take three semester hours of English literature, and nine additional semester hours elected from two of the following areas: Art 101, art history, art appreciation; American, English, and foreign literature; music appreciation, music literature; philosophy; drama; or the history of public address.

Those students seeking a bachelor of arts degree will find that the requirements of groups three, four, and five, have been changed.

In group three, biology, chemistry, geology, mathematics, and physics, the previous requirement stated that the student must complete a total of 12 semester hours of credit in two of the above areas. Also included in the group three requirement was the stipulation that two semesters of study in laboratory courses were to be completed.

As of September 1963, the student will have to complete only eight semester hours in biology, chemistry, geology, mathematics, or physics with two semesters of study in laboratory courses. Added to this group is the requirement in mathematics which will require a student to take three semester hours of mathematics in college and a course in logic or philosophy of science in college; six semester hours of mathematics in college; and show mathematics proficiency equivalent to Mathematics 123.

To complete the requirements of group four, economics, geography, history, political science, psychology, and sociology, the student will have to take 18 hours from three of the above departments, with nine of these semester hours to be completed in one subject. This is an increase of six semester hours over previous years.

Group five, art, literature, music, philosophy, or speech, has been increased three semester hours.

Officer Training Corps Wins Rifle Contest

Eight cadets in the Army Reserve Officer Training Corps won a rifle match against nine cadets from the University of Michigan, Ann Arbor, in a contest at Bowling Green recently.

The score of the match was 1404-1401.

The highest scoring man was Bowling Green's Karl Sievert who scored 288 out of a possible 300 points.

Official Announcements

The next Peace Corps placement test will be given at 8:30 a.m. tomorrow. The test will not be given at Bowling Green.

The test will be given in the Federal Building at Toledo, the Federal Building at Napoleon, the city post office at Fostoria, and the city post office at Sandusky.

To qualify for the test, fill out a Peace Corps Questionnaire and take it to the test center. Questionnaires are available at local post offices.

Registration for women's health and physical education classes for the second eight weeks of the spring semester will be held Monday, and Tuesday.

On Monday, all restricted students, commuters, and Health and Physical Education 202 students must register. These students must register between the hours of 1 and 5 in the afternoon in 100 of the Women's Bldg.

On Tuesday, all students of Health and Physical Education 101, 102, and 201 must register. These students may register between 11 a.m. and noon in the North Gym of the Women's Bldg., or between 1 and 5 p.m. in 100 of the Women's Bldg.

BG Coed Receives Honorable Mention

Nancy R. Gongwer, a senior in the College of Liberal Arts, has received honorable mention from the Woodrow Wilson National Fellowship Foundation. Miss Gongwer is a physics major, and has a 3.96 accumulative point average.

Committees of college deans and professors selected 1,154 college students to be awarded fellowships for graduate study, and gave honorable mention to 1,475. There were 9,767 candidates chosen by faculty members of 907 colleges in the United States and Canada.

The names of students receiving honorable mention are being circulated among the graduate schools of the United States and Canada so that those students may be chosen for alternate awards.

Early Falcon Gets A Job; Fly Ahead

By Dave Bell
NEWS Reporter

It is not too early to start looking for summer jobs. Why not begin now? The Student Financial Aid Office is a good starting place for your search.

This office has information pertaining to summer work and catalogs listing summer job opportunities across the United States.

Various camps and their locations also are listed in the catalogs. A file of brochures from camps throughout the country is kept in the office for student use. The health and physical education departments also have information about camps.

Other job listings in the catalogs include those having to do with resort areas. For other information, student may write to the State Employment Offices and the Chambers of Commerce in near resort areas.

Information pertaining to job openings in industry may be found in the "College Placement Annual," in the Student Financial Aid Office. Also, the department chairman of the subject in which you are majoring may have knowledge of possible job opportunities suited to you.

There are also summer jobs with Federal agencies. The best source of information is the "College Placement Annual." Most jobs with these agencies require that the employees take the Civil Service Examination. However, some jobs do not have this requirement.

Do not overlook the potential of jobs near your home. Check the "Want Ads" in the newspapers and register at the state employment office in your vicinity.

"SODOM AND GOMORRAA"

Falcons End Fine Year

By Ron Geiser
Asst. Sports Information Director

Although Bowling Green's basketball season ended on an unhappy note, the year as a whole can be considered another fine one for the Falcons.

Coach Harold Anderson climaxed one of the outstanding careers in collegiate coaching by directing the Falcons to their third Mid-American Conference title in the past five years. On the way to a 19-8 record, Andy collected his 500th victory and announced his retirement from coaching. Assistant Warren Scholler moves up as head coach next season.

Center Nate Thurmond became Anderson's eighth BG all-American and his tenth in a career that stretches over 29 years at Toledo and Bowling Green. The 6'11" pivotman from Akron Central was named to the Sporting News, UPI and NEA teams. He finished fifth among all BG scorers with 1,356 points and his 1,295 rebounds will be a mark for future BG rebounders to shoot at, as will his 452 rebounds this season and his 31 retrieves against Mississippi State.

Thurmond also was named to the All-Quaker City Tourney team and was picked among the first five for the NCAA regional tourney team. His 25 rebounds set a single game standard in the Quaker City Tourney, as did his 63 retrieves for three games. He finished among the nation's top 10 rebounders for the third straight

year, and won the MAC board title for the third time.

Guard Howard Komives, whose physical condition was of concern to BG's court success practically the entire season, finished with the team's best average (20.2) for the second straight year, although he finished behind Thurmond in points scored (536 to 464). The Toledo Woodward graduate missed four games and parts of several others, but maintained his record of scoring in double figures in every game he's played. His 990 points in two seasons place him eighth on BG's all-time list.

Komives also made the NCAA all-regional team, and for the second year, was honorable mention on the all-American charts. He tied a BG mark with 12 free throws scored in an MAC tilt, hitting 12 of 13 in the first half against Kent State. He also scored the team's high total for the year with 34 against Notre Dame in the NCAA subregional contest. His career average is 20.6.

The Falcons set most of their team records in the 114-86 rout of Marshall, including most points in MAC and all games, most points by both teams in MAC and all games, most field goals (44) and most points in Anderson Arena. The seven-game MAC winning streak tied the mark set last year, and this team became the first Falcon five to win a game in the NCAA tournament. The outstanding game was the 92-75 win over undefeated Loyola of Chicago when that team was rated No. 2 in the nation.

SPRING SPORTS season is just a few weeks away. The baseball team was able to practice outside for a few days before the recent winter winds came back again. The outlook for the team is good this year. BG, Ohio University and Western Michigan are co-favorites in the Mid-American Conference. The Falcons will have 18 returning lettermen to spark their chances.

Cooper Praises BG Swimmers Despite Unimpressive Record

Although Coach Sam Cooper's swimmers finished the season with an unimpressive 9-10 record, the veteran mentor contends that this season's squad is one of the best in Bowling Green's history. "It may seem inconsistent but this is one of the best swim teams we have ever had," said Cooper. "The team certainly showed itself at the Mid-American Conference Swim Championships last week end."

Taking mostly third and fourth places, the Falcons only managed to come in fourth in the five team contest. Western Michigan won the title with 134 points, Miami had 86; Ohio University, 82; BG, 79; and Kent, 29.

However, the Falcons were better than the results show. Eight Bowling Green swim records were set during the championships.

Falcons who set new records

included Bob Leuten, 200-yard butterfly, in 2:16.3; Rick Pixley, 200-yard breaststroke, 2:25.5; Bill White, 200-yard freestyle, 1:58.7; Mike Zinn, 200-yard individual medley, 2:15.1; Mike Symons, 500-yard freestyle, 5:31.5; Pixley, 100-yard breaststroke, 1:45; and iZnn, 400-yard individual medley, 4:53.5.

"Time and again we would exceed the school or even conference records in an event and still take seconds and thirds," said Cooper. "This points out how tough the MAC competition has become."

"Our record on paper doesn't look as good as some of the other teams we met, yet I feel that in a dual meet, we are strong enough to beat any team which we have met this year."

"Most of our swimmers are sophomores and juniors and they will give us an experienced team next season."

Indoor Trackmen Set BG Records

Senior Barry Binkley has been elected captain of the Bowling Green varsity track team this season, and he already has turned in some fine performances in various indoor meets.

At Western Michigan, Binkley set a Bowling Green record in the indoor mile, by besting his old record by 5.2 seconds with a 4:17.5. In other indoor meets he ran a 1:58.9 half-mile, and a 50.5 in his leg of the mile relay.

Sophomore Dale Cordova set a Bowling Green indoor record for

two miles with a time of 9:58.8, at an away meet. Another sophomore, Ken Bryant, broke a Bowling Green indoor record in the broad-jump with a leap of 22'6", in an away meet.

Pole-vaulters Keith Hamilton and Ken Caldwell both have cleared the bar at 13'6" this year. Freshman Bob Classen holds the Bowling Green indoor record in the 600-yard event, with the 1:14.9 he ran at the University of Michigan.

Freshman Jim Goings, probably the team's fastest man, holds the Men's Gym record in the 300-yard event, with a time of 35.7 over the 120-yard circular track. Another frosh, Steve Strominger holds the Men's Gym two mile record with a time of 10:18.2.

At Michigan State the Falcon mile relay team set a Bowling Green indoor record with a time of 3:27.8. The Falcons won the college division of the mile relay at the Knights of Columbus meet with a time of 3:28.4.

IM News

As of Tuesday, five social fraternities had entered the fraternity swimming meet to be held at 6:30 tonight.

Maurice O. Sandy, instructor in health and physical education, said that if more than six fraternities have entered by today, there will be preliminary events to qualify for the finals.

The events to be held are the 50-yard crawl, 50-yard backstroke, 50-yard butterfly, 200-yard crawl, 50-yard breaststroke, 100-yard crawl, 200-yard free style relay, and a diving event.

Twelve social fraternities have entered the fraternity volleyball league. After one week of play, Phi Delta Theta remains unbeaten, 4-0. Sigma Nu is second with a 3-1 record.

The class team basketball tournament started yesterday. Games are played at 4:45 p.m. Monday through Thursday.

BG Representatives Travel To NCAA!

At least two Bowling Green representatives will be in Louisville for the NCAA tournament.

James E. Hof, alumni director and public address system voice of the Falcons in Anderson Arena, will be the master of ceremonies at the Honors Luncheon today.

Harold Anderson, retiring Bowling Green coach and president of the National Association of Basketball Coaches will receive the Newton S. Hillyard award given annually to the retiring president of the NABC.

Dr. James Hall, a former Ohio State All-American, will be the speaker at the luncheon which is being held for members of the final four basketball teams in the NCAA tournament.

Realm of Professors

Dr. John R. Coash
Dr. John R. Coash, chairman, department of geology, lectured at Knox College, Galesburg, Ill., and Gustavus Adolphus College, St. Peter, Minn., recently.

English Department
Eight faculty members of the English department will travel to the Ohio State University in Columbus Friday, March 29, to attend a meeting of the College English Association of Ohio. Attending will be Dr. Stanley K. Coffman Jr., chairman of the department; associate professors Dr. Marie Campbell, Dr. Giles R. Floyd, Dr. Lowell P. Leland, and Dr. Norbert F. O'Donnell; and assistant professors Dr. James R. Bashore Jr., Dr. Frank Baldanza Jr., and Dr. Frederick W. Eckman.

Dr. Donn S. Goraline
Dr. Donn S. Goraline, associate professor of marine geology at the University of Southern California, will present a lecture on oceanography at 7:30 p.m. Monday in the White Dogwood Room. The topic of the lecture will be "The Development of Marine Sciences."

Dr. Mearl R. Guthrie
Dr. Mearl R. Guthrie, chairman, department of business education, wrote an article entitled "Set Up a Plan for Repairs and Service," appearing in the March issue of "Business Education World" magazine. It concerns plans for repairs and service for office machines used in business education classrooms.

Dr. James P. Latham
Dr. James P. Latham, associate professor of geography, is the author of an article that appeared in the "Proceedings of the Second Symposium on Remote Sensing of Environment" recently published by the University of Michigan. His article, "Geographic Analysis and Remote Sensing Capability," was one of several articles written by scientists

who participated in a symposium sponsored by agencies of the Defense Department.

Dr. Dorothy E. Moulton
Dr. Dorothy E. Moulton, associate professor of English, will participate in the National Conference on English Education, at Indiana University, Bloomington, March 28-30. She will be a co-chairman of a discussion group considering "Improving Liaison Between Departments of English and Departments and Colleges of Education."

Dr. Duane E. Tucker
Dr. Duane E. Tucker, associate professor of speech and treasurer of the Ohio Council on Television, will attend a meeting of a special committee on off-campus distribution of college level telecourses. The meeting will be held April 4 in Columbus. The purpose of the committee is to investigate the possibility of establishing an educational television network in Ohio.

Class Of '64 Gives Modern Sign To BG

"Bowling Green State University—Class of 1964"—these words will greet persons passing by Route 6 between Hanna and Kohl Halls later this year.

The words will be incorporated into a cement sign of modern design which is the project of the class of 1964. The sign will be constructed of terrazzo cement with the letters and the University seal mounted in pre-cast aluminum.

Plans for the project have been approved and work on the sign is scheduled to begin this spring. The National Cement Company of Toledo has been hired for the construction at a cost of approximately \$1,500, according to Dennis S. McGurur, vice president of the Junior Class.

The sign is a result of a year and a half of work on the part of McGurur; D. Glenn Christian, University purchasing officer; and Richard F. Brown, University architect. Class members approved the project in December.

"The project is a tangible representation of the interest of the class of 1964 in the University," said McGurur.

2 Groups To Sponsor TGIF Dances Today

If you want to relax and stop worrying about those midterm examinations for a little while there is a TGIF (Thank Goodness It's Friday) dance this afternoon in the Dogwood Suite.

Admission will be free for the dance which will begin at 3:30. The dance will be sponsored by the Sophomore Class and will feature music by the "Collegiates" dance band.

Sigma Nu is also sponsoring a T.G.I.F. dance at the Sigma Nu house. The dance will begin at 3:30 p.m. Music will be provided by the Four Sharps. Admission is free and open to all.

BOWLING GREEN'S Angel Flight drill team won first place and Air Force ROTC drill team won second place at the Arnold Air Society Midwest Regional Conclave. Here, Ann D. Upson, a member of Angel Flight, shows the first place trophy to Thomas W. Holycross Jr., Air Force drill team commander, and James E. Miller, a member of the Air Force drill team.

Drill Teams Excel At Pitt

Bowling Green's Air Force ROTC drill team placed second, and the Angel Flight drill team placed first at the Arnold Air Society Midwest Regional Conclave held last week end in Pittsburgh.

Approximately 60 universities from the Midwest were represented at the conclave. Included were the University of Syracuse, the University of Duquesne, the University of Pittsburgh, Kent State

University, and the University of Detroit.

The Arnold Air Society, national recognition society for cadets in advanced Air Force ROTC, besides sending its two drill teams to the conclave, also sent eight delegates. Those students representing the Arnold Air Society were the following: Capt. John G. Berry, assistant professor of air science; John A. Hern, commander of the Bowling Green squadron; Thomas W. Holycross Jr., Air Force drill team commander; James F. Wilcox, Arnold Air Society comptroller; and David P. Ascher, Arnold Air Society administrative officer.

Students representing the Angel Flight, woman's auxiliary of Arnold Air Society, were Catherine A. Cerar, Judith A. Gerlach, and Joyce M. Cimperman.

These delegates' job was to report to the area commander on the progress being made in the revision of the Arnold Air Society operations manual.

The Air Force ROTC drill team and the Angel Flight drill team have been invited to perform in the Cherry Blossom Festival from April 3 through 6 in Washington, D.C.
